

## Physical Development

We will be..

Developing our fine motor skills using tools such as scissors in DT activities- making puppets and mobiles.

We will also be practising our pencil control to improve our handwriting, focusing on keeping the letters on the line and starting in the right place.

Our focus in PE will be 'Dance' and we will be learning different dances from around the world to develop our gross motor

## Numeracy: Shape, Space and Measure

We will be..

Playing games to help us learn positional language and beginning to learn the language to talk about time.

We will be learning about the properties of 3D shapes and finding these in our environment, as well as using them to create our own 'Grand Design'

## Numeracy: Number

We will be..

Continuing to deepen our understanding of number focusing on the tricky 'teens' using songs and active games to help us learn the 'number-ness' We will be solving problems using addition and subtraction number sentences.

## Literacy

We will be..

Imitating and innovating the traditional tale 'The Three Little Pigs'

We will use our phonics skills to write our own version of the story and then have a go at writing our own.

We will continue to practise blending graphemes to read longer words and segmenting to spell new words.

We will also be working on spelling tricky words from memory, such as the, was, to

## Personal, Social and Emotional Development

We will be..

Talking about different emotions and how sometimes it is difficult to manage certain feelings such as anger. We will be talking about how others feel and how that sometimes can impact on how we feel.

We will have spirituality time each week where we can reflect on different themes.

# Reception Summer Term 2016 Grand Designs

## Understanding the World

We will be..

Learning about our local environment and finding out if all homes look the same. We will be exploring different materials and learning about recycling.

We will be exploring the different materials used to build houses in our class text, and finding out why our houses aren't made from the same materials.

We will also be exploring the concepts of floating and sinking.

## ICT

We will be..

Learning how to use the ipads and the literacy/Maths based apps. The children will be using the camera to take pictures of their own models and recording what we do during our day in school.

## Communication and Language

We will be..

Developing our speaking and listening skills through talking about the elements of the story. We will also be building confidence and self-esteem, using full sentences, through our 'Show and Tell' and 'Consultation' activities.

## Expressive Arts and Design

We will be

Designing and making our own small world homes for the puppets we make. We will be thinking about what we have learnt about materials and which ones would be the best to choose to make our models.

We will be completing observational drawings of the various real life objects, thinking about the correct colours we need to use.
